

Each year, Helping Hands campers participate in a small, daily mission project. This year, we will be helping the United Way, the Trinity Noon Day Lunch program and the children of People Places, Inc. You'll find a list of the supplies needed to complete these projects this year. If you are able, please consider making a donation, which can be dropped off at your church! Thank you for your willingness to help our campers learn to be the hands and feet of Christ!
